About Regulation

OCN NI

Open College Network Northern Ireland (OCN NI) is a regulated Awarding Organisation based in Northern Ireland. OCN NI is regulated by CCEA Regulation to develop and award professional and technical (vocational) qualifications from Entry Level up to and including Level 5 across all sector areas. In addition, OCN NI is regulated by Ofqual to award similar qualification types in England.

The Regulated Qualifications Framework: an overview

The Regulated Qualifications Framework (RQF) was introduced on 1st October 2015: the RQF provides a single framework for all regulated qualifications.

Qualification Level

The level indicates the difficulty and complexity of the knowledge and skills associated with any qualification. There are eight levels (Levels 1-8) supported by three 'entry' levels (Entry 1-3).

Qualification Size

Size refers to the estimated total amount of time it could typically take to study and be assessed for a qualification. Size is expressed in terms of Total Qualification Time (TQT), and the part of that time typically spent being taught or supervised, rather than studying alone, is known as Guided Learning Hours (GLH).

Qualification Summary

The OCN NI qualifications in Vocational Skills at Level 2 are designed to provide learners with further skills and knowledge required for working in a range of sector areas including Building and Construction, Catering, Communication Technology and Office Skills, Core Skills, Creative Arts, Crafts and Performance, Horticulture, Salon Skills for Hair and Beauty, Social Care and Early Years, Sport and Leisure and Vehicle Care and Maintenance. The qualifications give learners an opportunity to gain valuable generic skills for work.

Sector Subject Area

14.1 Foundations for learning and life

Qualification Target Group

The qualifications allow learners to develop skills in a range of vocational areas. Learners also can enhance their core skills in areas such as career preparation, presentation skills, teamwork and health and safety.

Grading

Grading for these qualifications is pass/fail.

Progression Opportunities

The OCN NI Level 2 qualifications in Vocational Skills enable progression to further OCN NI qualifications and/or into employment.

NI Entitlement Framework

The Department of Education sets out the minimum number and range of courses a school should offer at Key Stage 4 and Post-16. The Entitlement Framework (EF) is the post-14 curriculum which puts the needs of pupils first. It aims to provide access for pupils to a broad and balanced curriculum to enable them to reach their full potential no matter which school they attend or where they live.

The Entitlement Framework is designed to ensure equity and access to educational opportunities for all learners and enables schools to offer a broad and balanced, economically relevant curriculum to meet the needs and aspirations of all pupils. It will guarantee that all pupils have access to a minimum number of courses at Key Stage 4 and Post-16, of which at least one third must be general and one third applied.

****Please note that the units highlighted in RED in the unit summary table are not appropriate for a school-based environment and entries will not be accepted for these units from schools.***

Entry Requirements

There are no formal restrictions on entry however learners should be at least 14 years old on completion of the qualification and receive appropriate advice and guidance on the suitability of the qualification.

Ensuring Health and Safety of Learners

Within the suite of vocational skills qualifications, the health, safety and security of learners are paramount. The centre must ensure that learners operate in a safe and secure environment.

Qualification Support

A Qualification Support pack is available for OCN NI centres within the login area of the OCN NI website (<https://www.ocnni.org.uk/my-account/>), which includes additional support for teachers, eg planning and assessment templates, guides to best practice, etc.

Delivery Languages

These qualifications are available in English only at this time. If you wish to offer these qualifications in Welsh or Irish (Gaeilge) then please contact OCN NI who will review demand and provide as appropriate.

Centre Requirements for Delivering the Qualification

Centre Recognition and Qualification Approval

New and existing OCN NI recognised centres must apply for and be granted approval to deliver the qualification prior to the commencement of delivery.

Centre Staffing

Centres are required to have the following roles in place as a minimum, although a member of staff may hold more than one role*:

- Centre contact
- Programme Co-ordinator
- Tutor
- Assessor
- Internal Verifier

*Note: A person cannot be an internal verifier for their own assessments.

Tutors

Tutors delivering the qualifications should be occupationally competent, qualified to at least one level higher than the qualifications and have a minimum of one year's relevant experience.

Assessors

The qualifications are assessed within the centre and are subject to OCN NI's quality assurance processes. Units are achieved through internally set, internally assessed, and internally verified evidence.

Assessors must:

- be occupationally competent, qualified to at least one level higher than the qualification
- have a minimum of one year's relevant experience in the area they are assessing
- have direct or related relevant experience in assessment
- assess all assessment tasks and activities

Internal Verification

OCN NI qualifications must be scrutinised through the centre's internal quality assurance processes as part of the recognised centre agreement with OCN NI. The centre must appoint an experienced and trained centre internal verifier whose responsibility is to act as the internal quality monitor for the verification of the delivery and assessment of the qualifications.

The centre must agree a working model for internal verification with OCN NI prior to delivery of the qualifications.

Internal Verifiers must:

- have at least one year's occupational experience in the areas they are internally verifying
- attend OCN NI's internal verifier training

Internal verifiers are required to:

- support tutors and assessors
- sample assessments according to the centre's sampling strategy
- ensure tasks are appropriate to the level being assessed
- maintain up to date records supporting the verification of assessment and learner achievement

Learning Outcomes		Assessment Criteria
1. Understand customer service and the importance of effective communication.	1.1. Describe the importance of effective communication in promoting a positive first impression and good customer service. 1.2. Describe with examples good customer service and best practice in dealing with customer complaints. 1.3. Compare the impact of poor and good customer service on a business.	
2. Understand how technology may be used to improve customer service.	2.1. Describe how the following technologies may be used to improve customer service: a) E-Commerce b) website support c) social media	
3. Understand the importance of customer feedback in providing good customer service.	3.1. Describe the importance of customer feedback and how it can be used to improve the customer experience.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log
Coursework	Research or projects that count towards a learner's final outcome and demonstrate the skills and/or knowledge gained throughout the course	Record of observation Learner notes/written work Tutor notes/record Learner log/diary
E-assessment	The use of information technology to assess learners' work	Electronic portfolio E-tests

Title	Understanding Enterprise and Entrepreneurial Skills	
Level	Two	
Credit Value	2	
Guided Learning Hours (GLH)	16	
OCN NI Unit Code	CBF280	
Unit Reference No	K/618/6467	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand what is meant by the term enterprise, the characteristics of an entrepreneur and the benefits and risks on the wider economy.		
Learning Outcomes		Assessment Criteria
1. Understand what is meant by the term enterprise and the key characteristics of an entrepreneur.	1.1. Describe what it meant by the term enterprise. 1.2. Summarise at least six characteristics of a successful entrepreneur.	
2. Understand the benefits and risks associated with encouraging enterprise and entrepreneurial skills on the wider economy.	2.1. Describe the benefits and risks associated with encouraging enterprise and entrepreneurial skills on the wider economy.	
3. Be aware of the resources required for an enterprise and how they may be used.	3.1. Describe the resources required for an enterprise and how they may be used.

Title	Understanding Business Structures	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBF270	
Unit Reference No	F/618/6457	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how and why a business may be established and the types of business structures.		
Learning Outcomes		Assessment Criteria
1. Understand why and how a business may be established.	1.1. Describe why and how a business may be established.	
2. Understand what is meant by the terms public sector, private sector and not-for-profit.	2.1. Describe what is meant by the terms public sector, private sector and not-for-profit.	
3. Understand how businesses may be categorised by employee numbers and turnover.	3.1. Illustrate with examples how businesses may be categorised by employee numbers and turnover.	
4. Understand business structures including private sector, public sector and not-for-profit.	4.1. Describe the following types of business ownership: <ol style="list-style-type: none"> sole trader partnership franchise public limited company private limited company 4.2. Describe and compare private and public sector business ownership including the following: <ol style="list-style-type: none"> purpose and aim finance and use of profits control liability 4.3. Describe the governing structure for a not-for-profit business.	
5. Understand the role of stakeholders in business.	5.1. Describe the role of at least four stakeholders within a given business.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Building Brick and Block Walls	
Level	Two	
Credit Value	2	
Guided Learning Hours (GLH)	16	
OCN NI Unit Code	CBA264	
Unit Reference No	D/506/6445	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to carry out building work.		
Learning Outcomes		Assessment Criteria
1. Be able to prepare for building work.	3.2. Prepare for building work according to a given specification to include: a) calculating amount and types of material b) tools, equipment and materials required c) appropriate work area.	
4. Be able to carry out building work.	4.1. Carry out building work according to a given specification to include: a) building stretcher bond walls b) constructing a pier and associated dwarf wall c) tooled jointing of brickwork. 4.2. Use tools and materials safely.	
5. Be able to leave work area clean and tidy.	5.1. Dispose of waste materials safely. 5.2. Clean and store tools and equipment appropriately. 5.3. Leave the work area clean and tidy.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Careers in Building and Construction	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA251	
Unit Reference No	D/506/6431	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand careers within the construction industry.		
Learning Outcomes	Assessment Criteria	
1. Know about different types of career opportunities available in building and construction.	1.1. Compare different types of career opportunities in building and construction. 1.2. Compare different types of organisations that offer careers in building and construction.	
2. Understand how career choices can impact upon an individual's lifestyle.	2.1. Describe how an individual's lifestyle may be influenced by the career choices they make.	
3. Be able to make informed career choices.	3.1. Identify career paths in the construction industry and qualifications required to support progression within the industry. 3.2. Identify career choices based upon information provided.	
4. Be able to work with others.	4.1. Demonstrate good team working skills. 4.2. Follow instructions when working with others. 4.3. Communicate appropriately with others.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Carpentry and Joinery in Practice	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA252	
Unit Reference No	K/506/6433	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to know and use the hand tools and materials use in carpentry and joinery.		
Learning Outcomes		Assessment Criteria
1. Know the hand tools and materials used to perform carpentry and joinery tasks.	1.1. Identify the hand tools and materials used to perform carpentry and joinery tasks. 1.2. Select the hand tools and materials required to perform a range of carpentry and joinery tasks.	
2. Recognise health and safety issues associated with carpentry and joinery tasks.	2.1. Describe the personal protective equipment (PPE) and safe working practises necessary to perform a range of carpentry and joinery tasks.	
3. Be able to mark out and form joints for a timber frame to a given specification.	3.1. Produce setting out rods and use them to mark out timber. 3.2. Set out and cut joints in timber. 3.3. Use a range of joints to produce a timber frame to a given specification. 3.4. Demonstrate safe working practices.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Construction Drawing Skills	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA253	
Unit Reference No	M/506/6434	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to perform construction drawings.		
Learning Outcomes		Assessment Criteria
1. Know the types of equipment used to produce construction drawings.	1.1. Identify drawing equipment required to produce a construction drawing. 1.2. Describe the different types of drawings used in the construction industry and their purpose.	
2. Be able to produce a construction drawing using drawing equipment and materials.	2.1. Identify the main items of drawing equipment and materials used to produce construction drawings. 2.2. Identify the construction drawing standards and conventions used in the construction industry. 2.3. Produce a construction drawing to include: a) a vertical section through a cavity wall b) the strip foundation to the wall c) a concrete ground floor.	
3. Be able to work effectively with others.	3.1. Demonstrate good team working skills. 3.2. Follow instructions when working with others. 3.3. Communicate appropriately with others.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Developing Carpentry Hand Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA254	
Unit Reference No	T/506/6435	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop carpentry hand skills.		
Learning Outcomes		Assessment Criteria
1. Recognise hand tools used in carpentry.	1.1. Describe hand tools used in carpentry and their application. 1.2. Describe how to assess the condition of tools before use. 1.3. Identify health and safety regulations in relation to carpentry work.	
2. Be able to use face and edge marks.	2.1. Describe why face and edge marks are used in carpentry and demonstrate their use.	
3. Be able to saw to a line.	3.1. Mark timber square and saw square to a line. 3.2. Mark to a given angle and saw timber square to given angle.	
4. Be able to plane timber.	4.1. Select a plane for a given task. 4.2. Set a plane for use and plane timber flat.	
5. Be able to use a chisel.	5.1. Mark out the timber working from the face and edge. 5.2. Saw down to the required depth. 5.3. Remove the timber with the chisel.	
6. Be able to calculate quantity and prices for small scale jobs in carpentry work.	6.1. Calculate the quantity of materials required for a range of small scale jobs. 6.2. Estimate the cost of carrying out a range of small scale jobs.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Exploring Brickwork Bonding Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA255	
Unit Reference No	A/506/6436	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to apply brickwork bonding to construct brick walls.		
Learning Outcomes	Assessment Criteria	
1. Understand the principles and purpose of bonding.	1.1. Describe the purpose and rules of bonding. 1.2. Describe types of bond and where and how they would be used.	
2. Know how to prepare for brick wall construction using bonding.	2.1. Identify and select appropriate tools and equipment to be used. 2.2. Describe safety requirements for the job. 2.3. Describe how to and set out the work area appropriately.	
3. Be able to use skills and techniques in constructing brick walls using bonding.	3.1. Construct the following using the appropriate skills and techniques: a) construct a one brick thick wall in English Bond b) construct a one brick thick wall in Flemish Bond c) a right-angle quoin in English Bond d) a straight wall with one quoin and one stopped end in Flemish Bond. 3.2. Build brick on edge (B.O.E) coping to a solid one brick wall. 3.3. Use tools and techniques safely.	
4. Be able to leave work area clean and tidy.	4.1. Clean and store tools appropriately. 4.2. Leave the work area clean and free from debris disposing of waste appropriately.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Exploring Plumbing Practices	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA256	
Unit Reference No	F/506/6437	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to apply basic plumbing practices.		
Learning Outcomes		Assessment Criteria
1. Be able to apply basic plumbing installation techniques.	1.1. Apply basic plumbing installation techniques to industry standard to include: a) common cutting using appropriate tools b) mechanical and non-mechanical jointing c) spring and machine bending d) fixing to brick, plasterboard, wood and metal surfaces.	
2. Be able to carry out basic plumbing maintenance.	2.1. Use appropriate tools to carry out procedures for the safe isolation of a range of plumbing systems. 2.2. Carry out maintenance on a range of non-complex system components.	
3. Be able to work safely.	3.1. Use tools, clean and store safely. 3.2. Leave the work area clean and free from debris, disposing of waste as appropriate.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Floor and Wall Tiling Skills
Level	Two
Credit Value	3
Guided Learning Hours (GLH)	24
OCN NI Unit Code	CBA257
Unit Reference No	J/506/6438
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to tile floors and walls.	
Learning Outcomes	Assessment Criteria
1. Recognise tools, equipment and materials used in floor and wall tiling.	1.1. Identify and describe the purpose of basic tiling tools and equipment including: a) tile cutter b) scribe c) tile saw 1.2 Describe different types of adhesive and tiles.
2. Recognise background surfaces.	2.1. Describe surfaces to which tiles are commonly fixed and characteristics of each.
3. Be able to plan and prepare for a tiling project.	3.1. Check straight edges are plumb including windows, doors and base units. 3.2. Use a simple gauge rod to ensure even distribution of the tiles and minimise cutting. 3.3. Clean and prepare surface. 3.4. Position tools, equipment and material as directed.
4. Be able to apply setting out and fixing techniques.	4.1. Identify and use a basic setting out procedure. 4.2. Evenly spread tile adhesive over a given area. 4.3. Position and fix tiles, ensuring that they are straight, level and in adequate contact with the adhesive. 4.4. Use tile spacers to ensure an even gap between tiles. 4.5. Clean excess adhesive from tile surface.
5. Be able to use tile cutting techniques.	5.1. Cut tiles into internal corners, to ensure neat finish. 5.2. Select and use appropriate tools to cut round fixed obstacles. 5.3. Work in a safe manner.
6. Be able to use grouting techniques.	6.1. Mix the grout according to instructions. 6.2. Apply grout to tiles, ensuring the joints are filled and remove any surplus. 6.3. Compact the joints and clean off any surplus. 6.4. Clean down the tiled area.
7. Be able to calculate quantity and prices for small scale jobs in wall tiling work.	7.1. Calculate the quantity of materials required for a range of small scale jobs. 7.2. Estimate the cost of carrying out a range of small scale jobs.

Assessment Guidance

The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Painting Interior Ceilings and Walls	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA258	
Unit Reference No	F/508/2511	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to painting interior ceilings and walls.		
Learning Outcomes		Assessment Criteria
1. Be able to prepare and maintain work area.	1.1. Describe how to assess a site including actions required to prepare an area for painting. 1.2. Apply dust sheets appropriately. 1.3. Maintain a clean, safe and tidy working area.	
2. Use and maintain painting tools and equipment appropriately.	2.1. Identify and use painting tools for specified tasks. 2.2. Demonstrate safe use of portable access equipment. 2.3. Clean, check and store tools and equipment and report any defects to supervisor.	
3. Be able to prepare surfaces for painting.	3.1. Assess surface condition and identify appropriate action. 3.2. Demonstrate the preparation of one of the following using hand and power tools: a) wooden surfaces b) plastered surfaces c) rendered or brick surfaces d) metal surfaces.	
4. Be able to paint an area.	4.1. Select and apply paint to surface/area in accordance with manufacturer's instructions. 4.2. Demonstrate the application of paint to give an appropriate finish including: a) free from runs b) avoiding over painting c) no obvious misses.	
5. Be able to calculate quantity and prices for small scale painting jobs.	5.1. Calculate the quantity of materials required for a range of small scale jobs. 5.2. Estimate the cost of carrying out a range of small scale jobs.	
6. Be able to maintain work area and equipment.	6.1. Clean tools, equipment and work area as required.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content

Title	Developing Plastering Techniques	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA259	
Unit Reference No	F/506/6440	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand plastering techniques.		
Learning Outcomes		Assessment Criteria
1. Understand tools and equipment used in plastering.	1.1. Describe the use, care and storage of a range of hand tools used in plastering. 1.2. Describe the importance of using correct procedures for care and storage of tools and equipment.	
2. Understand materials used in plastering.	2.1. Describe the purpose of a range of materials used in plastering. 2.2. Describe and demonstrate how to mix two types of plaster.	
3. Understand backgrounds that receive plaster.	3.1. Describe the characteristics of a range of common backgrounds for plaster.	
4. Understand how to prepare for plastering.	4.1. Describe and demonstrate checks required before starting to plaster. 4.2. Describe the process for checking the suction of a wall. 4.3. Describe a method for setting out a wall. 4.4. Describe the process for fixing angle-beads.	
5. Understand floating techniques.	5.1. Describe and demonstrate the procedure for floating a wall using either plumb and dot or broad screed methods.	
6. Be able to review own work.	6.1. Assess own work, identifying areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Developing Skills in Drawing Plans and Elevations	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA260	
Unit Reference No	J/506/6441	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to draw plans and elevations		
Learning Outcomes	Assessment Criteria	
1. Be able to draw interior design plans to scale.	1.1. Develop accurate scale plans using appropriate line weighting and annotation. 1.2. Select suitable scale appropriate to the complexity of the design.	
2. Be able to lay out technical drawings.	2.1. Produce accurate final technical drawing work using recognised drawing conventions.	
3. Understand drawing symbols.	3.1. Describe and use symbols appropriate to final technical drawing work.	
4. Be able to draw elevations to scale.	4.1. Develop accurate elevations using appropriate line weighting and annotation. 4.2. Select suitable scale appropriate to the complexity of the design.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content

Title	Developing Wallpapering Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA261	
Unit Reference No	L/506/6442	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to apply wallpaper.		
Learning Outcomes		Assessment Criteria
1. Be able to select equipment and materials for wallpapering.	1.1. Select relevant tools and materials for wallpapering.	
2. Be able to plan and prepare for a wallpapering task.	2.1. Describe obvious defects in the surface to be papered. 2.2. Estimate the number of complete drops needed to cover the surface area. 2.3. Demonstrate the setting up of a workstation in an appropriate position. 2.4. Mix adhesive according to paper type and the manufacturer's instructions. 2.5. Mark a plumb line from a suitable starting point.	
3. Be able to apply wallpaper.	3.1. Demonstrate how to apply adhesive to the paper. 3.2. Demonstrate how to fold paper before use. 3.3. Demonstrate use of plumb line to assist with wallpapering. 3.4. Demonstrate how to wallpaper without having creases and bubbles. 3.5. Ensure internal and external angles are correctly finished. 3.6. Demonstrate how to cut and apply the paper around a range of fixtures and fittings. 3.7. Demonstrate how to trim excess paper and remove any excess paste.	
4. Be able to maintain tools and the working area.	4.1. Demonstrate how to clean tools and the working area.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Working with Valves, Taps and Cisterns in Domestic Plumbing	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA262	
Unit Reference No	R/506/6443	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to fix common faults with valves, taps and cisterns in domestic plumbing		
Learning Outcomes		Assessment Criteria
1. Understand the construction and operation of domestic taps.	1.1. Identify and explain the function of components in a range of domestic taps. 1.2. Diagnose and rectify common faults in a range of domestic taps.	
2. Understand the construction and operation of float and isolation valves.	2.1. Describe the function of components in a range of float and isolation valves. 2.2. Describe and demonstrate the rectification of a range of common faults in different types of float and isolation valves.	
3. Understand the construction and operation of a domestic toilet cistern.	3.1. Describe the function of components in different types of cisterns. 3.2. Describe and demonstrate the rectification of a range of faults in different types of cistern.	
4. Understand water storage in a domestic system.	4.1. Describe the importance of water storage in a domestic system and how this is done.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Working with Woodworking Tools	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA263	
Unit Reference No	Y/506/6444	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use electrical and manual woodworking tools.		
Learning Outcomes	Assessment Criteria	
1. Be able to use manual woodworking tools.	1.1. Describe the use of various manual tools used in carpentry. 1.2. Identify and demonstrate the correct use of manual tools for given tasks.	
2. Be able to maintain manual and electrical tools.	2.1. Describe how to safely check the sharpness of manual tools for given tasks. 2.2. Use techniques and equipment to maintain manual tools including: a) wheel b) oilstone c) honing guides. 2.3. Describe and demonstrate how to check the wiring of electrical tools.	
3. Be able to use electrical tools in woodwork.	3.1. Describe and demonstrate the use of electrical tools including: a) cut timber to given dimensions b) drill holes to given dimensions c) sand to a smooth finish d) insert screws to a given depth e) countersink screws f) counterbore large diameter holes.

Guided Learning Hours (GLH)	16	
OCN NI Unit Code	CBA281	
Unit Reference No	L/506/6473	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to use safe food handling techniques.		
Learning Outcomes	Assessment Criteria	
1. Recognise the importance of handling food safely.	1.1. Describe hazards related to food safety and outline appropriate actions. 1.2. Describe how to maintain good practice when handling food. 1.3. Describe how to store and dispose of waste safely.	
2. Understand the need for good personal hygiene when handling food.	2.1. Describe the importance of maintaining an appropriate standard of personal hygiene. 2.2. Describe a range of problems which may occur if personal hygiene standards are not maintained when handling food.	
3. Understand the importance of keeping the work areas clean and hygienic.	3.1. Describe how to keep the work area and equipment clean and tidy. 3.2. Explain the importance of using cleaning and disinfection methods, safe use and storage of cleaning chemicals and materials, and waste disposal. 3.3. Explain how work flow, work surfaces and equipment can reduce contamination risks and aid cleaning. 3.4. Select and demonstrate safe use of cleaning materials in a food work area.	
4. Recognise the importance of keeping food products safely.	4.1. Explain the sources and risks to food safety from contamination and cross contamination. 4.2. Explain the correct procedures to deal with food spoilage. 4.3. Describe safe food handling practices, procedures and temperature controls for the following: a) storing b) preparing c) cooking d) chilling e) reheating f) handling g) serving h) transporting. 4.4. Explain stock control procedures.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes	Learner notes/written work Learner log/diary Peer notes Record of observation

	OR A collection of documents containing work that shows the learner's progression through the course	Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Using Grains, Pulses and Dairy Products for Cooking	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA282	
Unit Reference No	R/506/6474	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to identify and use grains, pulses and dairy items to produce balanced meals		
Learning Outcomes	Assessment Criteria	
1. Understand the nutritional value of grains, pulses and dairy products.	1.1. Explain the nutritional value of grains, pulses and dairy products in mixed and vegetarian diets.	
2. Be able to use different types of rice.	2.1. Use a variety of rice in dishes, including sweet and savoury.	
3. Be able to use different types of pulses.	3.1. Use pulses and combine other ingredients appropriately to produce a balanced meal.	
4. Be able to make pasta.	4.1. Produce simple flat pasta, including lasagne, tagliatelle or cannelloni.	
5. Be able to use common grains.	5.1. Use a range of grains including couscous, bulgar wheat and polenta to produce different salads and accompaniments.	
6. Be able to use dairy products in cooking.	6.1. Explain the contribution dairy products make to a balanced diet. 6.2. Use dairy products in a range of sweet and savoury dishes.	
7. Know how to evaluate own work.	7.1. Assess finished products and identify areas for improvement.	
8. Understand principles of health and safety.	8.1. Apply health and safety principles.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Using Bespoke Software	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA283	
Unit Reference No	Y/506/6475	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use bespoke software		
Learning Outcomes		Assessment Criteria
1. Be able to input and combine information using bespoke applications.	1.1. Input relevant information accurately. 1.2. Describe and demonstrate how to select and use appropriate techniques to link and combine information from different sources or forms. 1.3. Respond appropriately to data entry error messages.	
2. Be able to use appropriate structures to organise and retrieve information.	2.1. Describe what functions are needed to structure, organise and retrieve information effectively. 2.2. Select and use appropriate structures and/or layouts to organise information. 2.3. Apply local and/or legal guidelines and conventions for the storage and use of data where available.	
3. Be able to use the functions of the software to process and present information.	3.1. Select and use appropriate tools and techniques to edit process and format information. 3.2. Use IT tools to configure data to meet needs and to make corrections as necessary. 3.3. Select and use appropriate methods to present information.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Using Database Software	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA284	
Unit Reference No	D/506/6476	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use database software		
Learning Outcomes	Assessment Criteria	
1. Be able to create and modify non-relational database tables.	1.1. Describe the components of a database design. 1.2. Describe the field characteristics for the data required. 1.3. Create and modify database tables using a range of field types. 1.4. Describe what is meant by data integrity and ways to maintain it. 1.5. Respond appropriately to problems with database tables. 1.6. Use database tools and techniques to ensure data integrity is maintained.	
2. Be able to enter, edit and organise structured information in a database.	2.1. Create forms to enter, edit and organise data in a database. 2.2. Select and use appropriate tools and techniques to format data entry forms. 2.3. Demonstrate the use of IT tools to enter and correct data. 2.4. Respond appropriately to data entry errors.	
3. Be able to use database software tools.	3.1. Create and run database queries using multiple criteria to display or amend selected data. 3.2. Plan and produce database reports from a single table non-relational database. 3.3. Select and use appropriate tools and techniques to format database reports. 3.4. Demonstrate the use of IT tools to generate reports and make corrections as necessary.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Capturing and Editing Audio Sequences	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA285	
Unit Reference No	H/506/6477	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to capture and edit audio sequences		
Learning Outcomes		Assessment Criteria
1. Be able to use audio hardware and software to capture sequences.	1.1. Describe correct combinations of input device and audio software which minimise compatibility issues. 1.2. Use input devices and built-in audio software to capture audio sequences. 1.3. Describe audio file formats, impact of file size and format. 1.4. Identify when to use different types of information coding and compression. 1.5. Store and retrieve sequences using pre-set file formats, in line with local guidelines and conventions where available.	
2. Be able to use audio software tools.	2.1. Compare audio editing software. 2.2. Cut and paste sequences to meet needs. 2.3. Combine information of different forms or from different sources, in line with copyright constraints. 2.4. Describe impact of copyright constraints on using others' information.	
3. Be able to play and present audio sequences.	3.1. Describe features and constraints of playback software and display devices. 3.2. Identify and use appropriate playback software and audio devices for use. 3.3. Select and use appropriate combination of software and display device to play back audio sequences. 3.4. Adjust playback and display settings so that sequences are presented to meet needs.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Using Digital Imaging and Printing Tools	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA286	
Unit Reference No	M/506/6479	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use digital imaging and printing software		
Learning Outcomes		Assessment Criteria
1. Understand digital imaging and printing.	1.1. Describe the characteristics of digital imaging and printing. 1.2. Describe copyright issues associated with digital imaging.	
2. Be able to produce digital images and prints.	2.1. Produce digital images using appropriate software tools to meet required outcomes. 2.2. Produce digital prints from digital imaging sources to achieve solutions for identified goals. 2.3. Assess digital images and prints and identify areas for improvement.	
3. Understand photographic practice and health and safety procedures.	3.1. Describe and use safe working practices within digital production facilities.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Creating and Developing Business Ideas	
Level	Two	
Credit Value	1	
Guided Learning Hours (GLH)	8	
OCN NI Unit Code	CBA287	
Unit Reference No	H/506/6480	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how develop a business idea.		
Learning Outcomes		Assessment Criteria
1. Understand how to develop your business idea.	1.1. Compare and contrast potential business ideas. 1.2. Select a business idea and describe why it is likely to be successful and financially viable.	
2. Understand the market for your business idea.	2.1. Describe the market for your business idea. 2.2. Identify any potential competitors and gaps in the marketplace. 2.3. Identify market and business trends that are likely to affect your business idea.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Design Software Skills	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA288	
Unit Reference No	K/506/6481	
<i>Unit purpose and aim(s):</i> this unit will enable the learner to understand how to use design software		
Learning Outcomes	Assessment Criteria	
1. Be able to obtain, insert and combine information for designs.	1.1. Describe what is required to meet design outcomes. 1.2. Obtain, input and prepare designs to meet needs. 1.3. Describe what copyright and other constraints apply to the use of designs. 1.4. Use appropriate techniques to organise and combine information from different sources and types. 1.5. Describe the context in which the designs will be used. 1.6. Select appropriate file format to use for saving designs to suit different presentation methods. 1.7. Store and retrieve files effectively, in line with local guidelines and conventions where available.	
2. Be able to use design software tools to create, manipulate and edit designs.	2.1. Describe what technical factors need to be considered when creating a design. 2.2. Select and use suitable techniques to create designs. 2.3. Use guidelines and dimensioning tools appropriately to enhance precision. 2.4. Select and use appropriate tools and techniques to manipulate and edit designs. 2.5. Check designs meet needs and use IT tools to make necessary corrections. 2.6. Identify and respond to quality problems with designs to make sure that they meet needs.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Desktop Publishing Skills	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA289	
Unit Reference No	M/506/6482	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use desktop software		
Learning Outcomes	Assessment Criteria	
1. Be able to select and use appropriate designs and page layouts for publications.	1.1. Describe what types of information are needed. 1.2. Describe how to change page design and layout to increase effectiveness of a publication for different media. 1.3. Select, change and use an appropriate page design and layout for publications in line with local guidelines, where relevant. 1.4. Select and use appropriate media for the publication.	
2. Be able to input and combine text and other information within publications.	2.1. Find and input information into a publication so that it is ready for editing and formatting. 2.2. Organise and combine information for publications in line with any copyright constraints, including importing information produced using other software. 2.3. Describe how copyright constraints affect use of own and others' information. 2.4. Compare different file formats used to save designs and images. 2.5. Store and retrieve publication files effectively, in line with local guidelines and conventions where available.	
3. Be able to use desktop publishing software techniques to edit and format publications.	3.1. Describe what editing and formatting to use for the publication. 3.2. Select and use appropriate techniques to edit publications and format text. 3.3. Manipulate images and graphic elements accurately. 3.4. Control text flow within single and multiple columns and pages. 3.5. Use IT tools to check and make corrections to final product as required. 3.6. Identify and respond to quality problems with publications to make sure they meet needs.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Fundamentals of IT Communication	
Level	Two	
Credit Value	2	
Guided Learning Hours (GLH)	16	
OCN NI Unit Code	CBA290	
Unit Reference No	T/506/6483	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand IT communication fundamentals		
Learning Outcomes		Assessment Criteria
1. Be able to select and use a variety of sources of information to meet needs.	1.1. Select and use appropriate sources of information to meet requirements. 1.2. Describe different features of information. 1.3. Identify copyright and other constraints on the use of information.	
2. Be able to access, search, select and use Internet-based information.	2.1. Access, navigate and search internet sources of information purposefully and effectively. 2.2. Use appropriate search techniques to locate relevant information. 2.3. Select and assess information that is fit for purpose.	
3. Be able to select and use IT to communicate and exchange information safely, responsibly and effectively.	3.1. Create access, read and respond appropriately to e-mail and other IT-based communication. 3.2. Use IT tools to manage an address book and schedule activities. 3.3. Manage storage of IT-based communications. 3.4. Describe how to respond to common IT-based communication problems. 3.5. Respond appropriately to common IT-based communication problems.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Fundamentals of IT Software	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA291	
Unit Reference No	A/506/6484	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand the fundamentals of IT software		
Learning Outcomes		Assessment Criteria
1. Be able to select and use appropriate software applications.	1.1. Describe what types of information are needed. 1.2. Select and use software applications to develop, produce and present different types of information to meet needs and solve problems.	
2. Be able to enter, develop, combine and format different types of information.	2.1. Enter, organise, edit, refine and format different types of information to meet needs. 2.2. Use appropriate techniques to combine image and text components. 2.3. Combine information from different sources and forms. 2.4. Select and use appropriate page layout to present information effectively.	
3. Be able to present information in ways that are fit for purpose and audience.	3.1. Work accurately and proof-read, using software facilities where appropriate. 3.2. Identify inconsistencies or quality issues with the presentation of information. 3.3. Produce information that is fit for purpose and audience.	
4. Be able to assess the selection and use of IT tools and facilities to present information.	4.1. Review and modify work to ensure it is fit for purpose. 4.2. Review the effectiveness of the IT tools selected.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Fundamentals of using IT	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA292	
Unit Reference No	F/506/6485	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand IT user fundamentals		
Learning Outcomes	Assessment Criteria	
1. Be able to use IT systems to meet a variety of needs.	1.1. Use correct procedures to start and shutdown an IT system. 1.2. Select and use interface features effectively to interact with IT systems. 1.3. Select and adjust system settings as appropriate to needs. 1.4. Select and use a communication service to access the Internet. 1.5. Use appropriate terminology when describing IT systems.	
2. Be able to manage information storage and retrieval.	2.1. Describe and demonstrate how to structure files and folders to enable efficient information retrieval. 2.2. Describe when and why to use different types of storage media. 2.3. Organise and store information, using general and local conventions where appropriate.	
3. Be able to follow and understand the need for safety and security practices.	3.1. Work safely taking steps to minimise physical stress. 3.2. Describe the danger of computer viruses and how to minimise risk. 3.3. Describe the importance of keeping information secure. 3.4. Demonstrate how to keep information secure. 3.5. Explain why it is important to stay safe and to respect others when using IT-based communication. 3.6. Follow relevant guidelines and procedures for the safe and secure use of IT.	
4. Be able to maintain and troubleshoot IT system problems.	4.1. Describe why routine and non-routine maintenance is important and when to carry it out. 4.2. Carry out regular routine maintenance of IT systems safely. 4.3. Identify sources of help and advice. 4.4. Identify IT problems and take appropriate action.

Title	Using Computerised Accounting Software	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA293	
Unit Reference No	J/506/6486	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use computerised software		
Learning Outcomes		Assessment Criteria
1. Be able to access, enter and edit accounting information.	1.1. Describe the sources and characteristics of accounting data. 1.2. Describe and demonstrate how to set up and create new accounting data records accurately to meet requirements. 1.3. Locate and display accounting data records to meet requirements. 1.4. Use IT tools to check data records meet needs and make corrections as necessary. 1.5. Respond appropriately to data entry error messages. 1.6. Describe the risks to data security and procedures used for data protection. 1.7. Describe and apply local and/or legal guidelines for the storage and use of data.	
2. Be able to select and use tools and techniques to process business transactions.	2.1. Select and use appropriate tools and techniques to enter and process transactions. 2.2. Review transaction process and identify any errors. 2.3. Respond appropriately to any transactions errors and problems. 2.4. Select and use appropriate tools and techniques to process period end routines.	
3. Be able to produce accounting documents and summary reports to meet requirements.	3.1. Describe information required from accounting software and how to present it. 3.2. Prepare and generate accounting documents. 3.3. Prepare and generate management reports as required. 3.4. Import and export data and link to other systems and software.

Title	Using Imaging Software Tools	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA294	
Unit Reference No	L/506/6487	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to use imaging software tools		
Learning Outcomes	Assessment Criteria	
1. Be able to obtain, insert and combine information for images.	1.1. Identify images needed to meet requirements. 1.2. Demonstrate how to obtain, input and prepare images to meet needs. 1.3. Describe what copyright and other constraints apply to the use of images. 1.4. Use appropriate techniques to organise and combine information from different sources and forms. 1.5. Describe the context in which the images will be used. 1.6. Compare different file formats uses for saving images for different presentation methods. 1.7. Store and retrieve files effectively, in line with local guidelines and conventions where available.	
2. Be able to use imaging software tools to create, manipulate and edit images.	2.1. Describe the technical factors affecting images that need to be taken into account. 2.2. Select and use suitable techniques to create images. 2.3. Use guidelines and dimensioning tools appropriately to enhance precision. 2.4. Select and use appropriate tools and techniques to manipulate and edit images. 2.5. Use IT tools to check images meet needs and make corrections as necessary. 2.6. Identify and respond to quality problems with images to ensure they meet needs.

Title	Using IT to Improve Productivity	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA295	
Unit Reference No	R/506/6488	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use IT to improve productivity		
Learning Outcomes	Assessment Criteria	
1. Be able to plan, select and use appropriate IT systems and software for different purposes.	1.1. Describe the purpose of using IT and associated methods, skills and resources to complete a given task. 1.2. Plan tasks using IT to achieve the required purpose and outcome. 1.3. Describe factors that may affect the task. 1.4. Select and use IT systems and software applications to complete planned tasks and produce effective outcomes. 1.5. Review outcomes. 1.6. Describe any legal or local guidelines or constraints that may apply to the task or activity.	
2. Be able to review and adapt the ongoing use of IT tools and systems.	2.1. Review appropriateness of IT tools and techniques for given task and change as required. 2.2. Identify any areas for improvement. 2.3. Review outcomes ensuring they are fit for purpose.	
3. Be able to develop and test solutions to improve the ongoing use of IT tools and systems.	3.1. Review the benefits and drawbacks of current IT tools and systems in relation to productivity and efficiency. 3.2. Describe ways to improve productivity and efficiency. 3.3. Develop and test solutions to improve own productivity in using IT.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Using Multimedia Software
Level	Two
Credit Value	4
Guided Learning Hours (GLH)	32
OCN NI Unit Code	CBA296
Unit Reference No	Y/506/6489
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use multimedia software	
Learning Outcomes	Assessment Criteria
1. Be able to plan multimedia products.	1.1. Assess the type of multimedia outcome required including necessary specifications. 1.2. Select and use appropriate techniques to plan and communicate the content, design and layout of multimedia products. 1.3. Describe how the different elements of the content will be sourced and how they will relate in the design layout. 1.4. Plan the use of interactive features and transitions to meet needs. 1.5. Describe how copyright and other constraints affect use of own and others' information.
2. Be able to obtain, input and combine content to build multimedia outcomes.	2.1. Select and use an appropriate combination of input device, software and input techniques to obtain and input content for multimedia outcomes. 2.2. Combine information from different sources and types to provide multimedia outcomes. 2.3. Describe the file format and storage media to be used. 2.4. Store and retrieve multimedia files effectively, in line with local guidelines and conventions where available.
3. Be able to use multimedia software tools to edit and format multimedia content.	3.1. Select and use appropriate techniques to edit and format multimedia outcomes. 3.2. Manipulate images and graphic elements accurately. 3.3. Use IT tools to check content and quality making corrections as required.
4. Be able to play and present multimedia outcomes.	4.1. Describe what combination of display device and software to use for displaying different multimedia file formats. 4.2. Select and use appropriate software for displaying multimedia outcomes. 4.3. Select and use appropriate navigation techniques and playback controls to suit the files. 4.4. Adjust the display settings of the software and display device to present outcomes effectively.

Assessment Guidance

The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Using Email	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA297	
Unit Reference No	L/506/6490	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use email effectively		
Learning Outcomes		Assessment Criteria
1. Use email software tools and techniques to compose and send emails.	1.1. Select and use software tools to compose and format emails including attachments. 1.2. Describe and demonstrate how to determine the message size and how it can be reduced. 1.3. Demonstrate how to send emails to individuals and groups. 1.4. Describe how to stay safe and respect others when using email. 1.5. Use an address book to organise contact information.	
2. Be able to manage incoming emails.	2.1. Follow guidelines and procedures for using emails. 2.2. Read and respond to emails appropriately. 2.3. Use email software tools and techniques to automate responses. 2.4. Describe and demonstrate how to archive and store emails including attachments. 2.5. Respond appropriately to email problems.

Title	Using Spreadsheet Software	
Level	Two	
Credit Value	4	
Guided Learning Hours (GLH)	32	
OCN NI Unit Code	CBA300	
Unit Reference No	D/506/6493	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use spreadsheet software		
Learning Outcomes	Assessment Criteria	
1. Be able to use a spreadsheet to enter, edit and organise data.	1.1. Assess data required for spreadsheet and how it should be structured. 1.2. Demonstrate how to enter and edit numerical and other data accurately. 1.3. Combine and link data across worksheets. 1.4. Store and retrieve spreadsheet files effectively.	
2. Be able to select and use appropriate formulas and data analysis tools.	2.1. Describe tools and techniques used to analyse and manipulate data to meet requirements. 2.2. Demonstrate how to select and use a range of appropriate functions and formulas to meet calculation requirements. 2.3. Use a range of tools and techniques to analyse and manipulate data to meet requirements.	
3. Be able to select and use tools and techniques to present and format spreadsheet information.	3.1. Plan how to present and format spreadsheet information effectively to meet requirements. 3.2. Select and use appropriate tools and techniques to format spreadsheet cells, rows, columns and worksheets. 3.3. Select and format an appropriate chart or graph type to display selected information. 3.4. Select and use appropriate page layout to present and print spreadsheet information. 3.5. Review information and amend as required. 3.6. Describe how to find errors in spreadsheet formulas. 3.7. Respond appropriately to any problems with spreadsheets.

Title	Mobile IT Devices
Level	Two
Credit Value	2
Guided Learning Hours (GLH)	16
OCN NI Unit Code	CBA301
Unit Reference No	H/506/6494
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use mobile IT devices	
Learning Outcomes	Assessment Criteria
1. Be able to set up and customise a mobile device to meet requirements.	1.1. Describe the purpose of different features and drawbacks of a mobile device. 1.2. Describe different methods that can be used to access mobile networks. 1.3. Prepare, set up and configure the mobile device for use. 1.4. Select, use and customise interface features and settings to meet requirements and improve efficiency. 1.5. Describe health and safety issues associated with the use of mobile devices. 1.6. Apply guidelines and procedures for the use of mobile devices.
2. Be able to select and use applications and files on a mobile device.	2.1. Select and use applications and files on a mobile device for an appropriate purpose. 2.2. Describe and use file formats appropriate for mobile devices. 2.3. Input, organise, store and retrieve data efficiently on a mobile device.
3. Be able to use tools and techniques to transfer data to and from mobile devices.	3.1. Describe different types of secure connection methods that can be used between devices. 3.2. Describe software requirements and techniques to connect and synchronise devices and demonstrate their use. 3.3. Synchronise mobile device data with source data. 3.4. Describe copyright and other constraints on the use and transfer of information. 3.5. Describe why it is important to stay safe, keep information secure and to respect others when using mobile devices. 3.6. Demonstrate how to keep information secure when using a mobile device.
4. Be able to optimise the performance of mobile devices.	4.1. Describe factors that may affect the performance of a mobile device. 4.2. Use appropriate techniques to optimise the performance of the mobile device. 4.3. Describe problems that may occur with mobile devices and associated causes. 4.4. Use an appropriate fault-finding procedure to identify and solve problems with a mobile device. 4.5. Describe where and when to seek expert advice.

Title	Exploring Materials	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA681	
Unit Reference No	M/506/6532	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand use of different materials and media in the production pieces		
Learning Outcomes		Assessment Criteria
1. Understand how to manipulate a variety of media and materials.	1.1. Use elements of line, tone, colour, texture, pattern, shape and form in the manipulation of media and materials.	
2. Understand the importance collating and documenting research.	2.1. Describe and use methods of collating and documenting research.	
3. Know how to experiment with ideas, techniques and materials.	3.1. Select and use a range of techniques and materials in the development of ideas. 3.2. Assess material selection.	
4. Understand current trends and preferences within design applications.	4.1. Describe current market forces and trends. 4.2. Comment on potential developments.	
5. Be able to recognise conventions.	5.1. Describe the conventions to include the following views: a) historical b) contemporary.	
6. Understand Health and Safety procedures and safe studio practice.	6.1. Carry out Health and Safety procedures and safe studio practice.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log
Coursework	Research or projects that count towards a learner's final outcome and demonstrate the skills and/or knowledge gained throughout the course	Record of observation Learner notes/written work Tutor notes/record Learner log/diary

Title	Exploring Dance Movements	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA682	
Unit Reference No	T/506/6533	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to explore dance movements and reflect on own performance.		
Learning Outcomes		Assessment Criteria
1. Understand dance movements.	1.1. Demonstrate dance movements to the following: <ul style="list-style-type: none"> a) different types of music b) in own space c) as part of a group. 1.2. Demonstrate a range of dance performances to include: <ul style="list-style-type: none"> a) personal freeform dance b) simple solo dance sequence c) simple group dance sequence. 	
2. Be able to review and reflect on own and others' dance performance.	2.1. Assess own and others' performance identifying areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Acoustic Recording Techniques	
Level	Two	
Credit Value	6	
Guided Learning Hours (GLH)	48	
OCN NI Unit Code	CBA683	
Unit Reference No	A/506/6534	
<i>Unit purpose and aim(s):</i> This unit will enable to learner to understand acoustic recording techniques		
Learning Outcomes		Assessment Criteria
1. Be able to plan a recording for a small ensemble.	1.1. Describe the resources required to plan for recording a small ensemble.	
2. Be able to work safely.	2.1. Describe health and safety issues in the studio / control room.	
3. Understand microphone technique.	3.1. Describe the main types of microphones that might be used for recording an ensemble. 3.2. Compare the differences between microphones in terms of application. 3.3. Describe microphone pickup patterns. 3.4. Describe the importance of microphone placement to good quality recording.	
4. Understand acoustic recording.	4.1. Demonstrate the placement of instrumentalists and microphones to achieve a balanced recording. 4.2. Describe how room acoustics might impact on the recording process / plan.	
5. Be able to record the ensemble and review the recording.	5.1. Use digital recorder to record the given ensemble. 5.2. Describe the process and evaluate success identifying areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	DJing Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA684	
Unit Reference No	F/506/6535	
<i>Unit purpose and aim(s):</i> this unit will enable the learner to set up and use DJing equipment.		
Learning Outcomes	Assessment Criteria	
1. Be able to set up a D.J. rig.	1.1. Demonstrate the correct and safe set up of a D.J. rig including configuring of the following component parts: a) speakers and monitors b) power amplifiers (Amps) c) mixing console d) decks e) headphones f) microphones (Mic). 1.2. Describe potential health and safety issues surrounding D.J. equipment. 1.3. Describe procedures for ensuring stable set up of the decks and speakers. 1.4. Describe relevant manual handling techniques. 1.5. Describe the procedure for checking for overload on an amplifier and mixing console.	
2. Be able to check sound equipment.	2.1. Demonstrate the assessing of levels and equalizer (E.Q.) required. 2.2. Demonstrate setting of appropriate levels and E.Q. avoiding distortion, overload and feedback. 2.3. Describe possible problems presented by venues.	
3. Be able to create a set.	3.1. Develop a plan for a 25-minute set including set/track list for given audience and give reasons for choice. 3.2. Demonstrate the incorporation of cross fader, channel fader/master and E.Q. 3.3. Perform the set ensuring introduction of new tracks at suitable levels and tempo.	
4. Review own performance.	4.1. Describe the strengths and weaknesses of the completed set and how set may be improved.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Floristry Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA685	
Unit Reference No	J/506/6536	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to demonstrate practical floristry skills		
Learning Outcomes	Assessment Criteria	
1. Understand the range of design features to be considered for a specified project.	1.1. Collate information about the range of potential design features and construction techniques to meet a specified design brief including: <ul style="list-style-type: none"> a) table display b) funeral spray c) bridesmaid's posy. 1.2. Collate information about the potential range of natural and man-made plant material available according to season.	
2. Be able to make informed design decisions.	2.1. Develop and evaluate a specific design and material(s) in terms of: <ul style="list-style-type: none"> a) intended purpose b) effective use of mechanics c) design principles (colours, form line) d) season e) cost 	
3. Be able to plan and prepare for the construction of a floral design.	3.1. Select and use appropriate conditioning methods for selected plant material. 3.2. Describe the purpose of the selected tools, equipment and other materials to be used.	
4. Be able to produce a floral arrangement.	4.1. Demonstrate how to produce a floral arrangement which meets the design brief.	
5. Be able to review work.	5.1. Assess the design and production process including: <ul style="list-style-type: none"> a) what worked well and what could be improved b) what skills were introduced or developed. 	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Performance Improvisation Techniques	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA686	
Unit Reference No	L/506/6537	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to demonstrate performance improvisation techniques		
Learning Outcomes	Assessment Criteria	
1. Understand health and safety issues relating to performance.	1.1. Describe health and safety issues relating to performance.	
2. Be able to respond to a range of stimuli and develop ideas for performance.	2.1. Demonstrate how to produce a creative response to a range of given stimuli. 2.2. Demonstrate how to work effectively with others to create and perform improvised material. 2.3. Describe the effectiveness of own responses and identify possible areas for improvement.	
3. Use improvisation as a means of exploration.	3.1. Demonstrate how to participate constructively in an improvisation activity that explores a range of themes, characters, emotions and moods. 3.2. Assess improvisation activity identifying areas for improvement.	
4. Use improvisation to explore material.	4.1. Demonstrate how to participate constructively in non-text, score or script work. 4.2. Assess improvisation activity identifying areas for improvement.	
5. Reflect on own performance.	5.1. Assess own performance. 5.2. Receive and respond positively to feedback from others on performance. 5.3. Identify strengths and areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Developing Drawing Skills for Painting	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA687	
Unit Reference No	R/506/6538	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop skills in using various drawing methods for painting		
Learning Outcomes	Assessment Criteria	
1. Be able to use drawing media.	1.1. Describe the application and use different media.	
2. Be able to use different drawing surfaces.	2.1. Describe how and when to use different drawing surfaces. 2.2. Demonstrate the use of different drawing surfaces.	
3. Understand the use of drawing in the preparation and production of paintings.	3.1. Describe the use of drawing in the preparation and production of paintings.	
4. Be able to use line and tone.	4.1. Use drawing skills and processes related to line and tone.	
5. Be able to use sketchbooks.	5.1. Use supporting research and notation when selecting and collecting information. 5.2. Use information from research and sketchbook details for drawing and painting development.	
6. Understand the relationship between drawing and painting.	6.1. Describe the relationship between drawing and painting, in practical and historical terms.	
7. Be able to adhere to Health and Safety procedures.	7.1. Carry out identified Health and Safety procedures. 7.2. Demonstrate safe studio practice.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Developing Physical Theatre Performance Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA688	
Unit Reference No	Y/506/6539	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop physical theatre performance skills		
Learning Outcomes		Assessment Criteria
1. Understand health and safety issues relating to physical theatre.	1.1. Describe and formally agree to health and safety rules for physical theatre.	
2. Be able to engage safely in physical theatre.	2.1. Describe the importance of and demonstrate physical warm up activities. 2.2. Demonstrate constructive participation in trust building exercises. 2.3. Describe and apply safe practice when working with stage props.	
3. Perform basic movements for physical theatre.	3.1. Demonstrate moving in a clear and controlled manner. 3.2. Demonstrate concentration and focus. 3.3. Perform given moves consistently and confidently. 3.4. Demonstrate balance and spatial awareness.	
4. Be able to choreograph simple physical performance sequences.	4.1. Arrange given moves in an original order. 4.2. Create effective links between the given moves. 4.3. Demonstrate audience awareness when setting moves. 4.4. Perform sequence correctly and effectively.	
5. Reflect on own performance.	5.1. Receive and respond positively to feedback from others on performance. 5.2. Reflect on own performance identifying strengths and areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Drawing Development Methods and Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA689	
Unit Reference No	L/506/6540	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop different drawing methods		
Learning Outcomes	Assessment Criteria	
1. Be able to use different drawing media.	1.1. Describe how and when to use different drawing media. 1.2. Demonstrate the use of different drawing media.	
2. Be able to draw on different surfaces.	2.1. Describe how and when to use different drawing surfaces. 2.2. Demonstrate the use of different drawing surfaces.	
3. Be able to draw three-dimensional form, mass, space, structure and scale.	3.1. Describe the following: a) three-dimensional form b) mass c) space d) structure e) scale. 3.2. Use three-dimensional form, mass, space, structure and scale, using drawing materials and mark-making techniques.	
4. Be able to make drawings at varying tempos.	4.1. Demonstrate making drawings at different paces and over varying lengths of time.	
5. Be able to use sketchbooks.	5.1. Use supporting research and notation to select and collect information. 5.2. Select items from research and sketchbooks to influence and develop own drawing work.	
6. Understand Health and Safety procedures and safe studio practice.	6.1. Carry out identified Health and Safety procedures. 6.2. Demonstrate safe studio practice.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Title	Musical Ensemble Skills	
Level	Two	
Credit Value	6	
Guided Learning Hours (GLH)	48	
OCN NI Unit Code	CBA690	
Unit Reference No	R/506/6541	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to perform as part of an ensemble		
Learning Outcomes		Assessment Criteria
1. Be able to perform as part of an ensemble.	1.1. Describe what is meant by ensemble skills. 1.2. Demonstrate playing as an ensemble listening to other members and matching dynamics and timbre. 1.3. Perform an ensemble piece to produce a consistent and good quality sound.	
2. Be able to undertake a successful rehearsal schedule.	2.1. Describe the technical demands of each piece through individual practice and ensemble rehearsals. 2.2. Describe what is involved in putting each piece together as an ensemble. 2.3. Describe the importance of individual players within the overall framework of the ensemble.	
3. Be able to demonstrate musical competence.	3.1. Perform chosen pieces in conjunction with other members of the ensemble demonstrating a performance that is: <ul style="list-style-type: none"> a) together b) evenly balanced c) well articulated d) has a sense of pulse and movement e) illustrates a successful interpretation of the music f) communicates well with its audience. 3.2. Describe own contribution and success of the performance as a whole and identify possible areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Performance Realisation Skills - Performer	
Level	Two	
Credit Value	9	
Guided Learning Hours (GLH)	72	
OCN NI Unit Code	CBA691	
Unit Reference No	Y/506/6542	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to demonstrate performance realisation skills.		
Learning Outcomes		Assessment Criteria
1. Be able to demonstrate the disciplines and techniques central to effective realisation.	1.1. Demonstrate how to operate with focused and controlled energy appropriate to a given task. 1.2. Demonstrate how to work in a positive and committed manner during preparation and delivery. 1.3. Demonstrate how to communicate a clear understanding of the text and sub-text through realisation. 1.4. Demonstrate how to make the piece accessible through realisation.	
2. Be able to review own performance.	2.1. Describe the details of own personal contribution to performance/realisation. 2.2. Assess own performance/realisation identifying areas for improvement taking into account audience feedback.	
3. Be able to review the realisation.	3.1. Describe the production including the views of production team and audience. 3.2. Assess how the production/realisation may be improved.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Technical Sound and Audio Production	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA692	
Unit Reference No	D/506/6543	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop skills in sound and audio production		
Learning Outcomes	Assessment Criteria	
1. Understand health and safety issues relating to sound and audio production.	1.1. Describe and agree to health and safety rules relating to sound and audio production.	
2. Be able to use sound and audio production equipment.	2.1. Identify and use a range of sound and audio equipment for recording and storing sound. 2.2. Use sound and audio equipment safely.	
3. Be able to develop ideas for production.	3.1. Demonstrate how to develop an idea to support production through use of recording, editing and altering sound. 3.2. Create finished sound/audio product. 3.3. Assess the development of the idea and use of techniques.	
4. Understand professional working methods.	4.1. Describe current professional working methods and compare to own.	
5. Be able to work within a group situation.	5.1. Demonstrate working co-operatively within a team. 5.2. Describe the importance of individual responsibility within the team.	
6. Reflect on own work.	6.1. Demonstrate how to receive and respond positively to feedback from others. 6.2. Assess own work identifying areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Undertaking a Solo Performance	
Level	Two	
Credit Value	6	
Guided Learning Hours (GLH)	48	
OCN NI Unit Code	CBA693	
Unit Reference No	H/506/6544	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to perform a solo performance		
Learning Outcomes		Assessment Criteria
1. Be able to demonstrate basic technical skills on an instrument.	1.1. Describe tuning method for chosen instrument. 1.2. Describe and demonstrate articulation and intonation techniques using a simple piece of music. 1.3. Describe the importance of correct posture.	
2. Be able to develop good practice routines.	2.1. Describe the importance of practice for improvement. 2.2. Develop a practice schedule over a given period with input from others. 2.3. Carry out the practice schedule. 2.4. Assess own musical development.	
3. Be able to develop an appreciation of music from different periods and styles.	3.1. Compare two pieces which have contrasting styles or from differing periods.	
4. Understand musical competence and performance.	4.1. Describe what is meant by musical competence and how it is achieved. 4.2. Choose and perform two pieces giving a rounded performance showing the following: a) general security of notes and rhythms b) suitable tempo c) reasonable sense of continuity d) prompt recovery from any slips.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practice and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Using the Internet for Promotion within the Creative Arts	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA694	
Unit Reference No	K/506/6545	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use the internet to promote within the creative arts		
Learning Outcomes	Assessment Criteria	
1. Understand the role of the internet in promoting creative arts.	1.1. Describe how the internet may be used to distribute and promote creative arts to a wide audience.	
2. Understand copyright issues in relation to the internet.	2.1. Describe how copyright affects the publishing of Intellectual Property on the Internet.	
3. Be able to design a creative arts related website.	3.1. Design a well structured website containing: a) a minimum of three HTML pages b) a navigational system c) a consistent look and feel. 3.2. Use a variety of media including a minimum of at least two of the following: a) text b) pictures c) sound.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Technical Theatre Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA695	
Unit Reference No	M/506/6546	
<i>Unit purpose and aim(s):</i> This unit will the learner to develop and apply technical theatre skills		
Learning Outcomes		Assessment Criteria
1. Understand health and safety issues relating to technical theatre.	1.1. Describe and formally agree to health and safety rules for technical theatre. 1.2. Demonstrate working in accordance with health and safety practices and procedures.	
2. Be able to demonstrate stage management and organisational skills.	2.1. Describe and demonstrate a range of technical skills in one of the following areas: a) work with stage properties b) work on stage sets c) wardrobe d) lighting e) sound f) special effects. 2.2. Use a range of stage terminology and technical vocabulary correctly. 2.3. Assess own work following a production.	
3. Be able to apply a variety of skills and personal resources.	3.1. Apply skills in solving problems to offer alternatives. 3.2. Use leadership skills where appropriate. 3.3. Demonstrate a consistent and committed approach to the production. 3.4. Demonstrate the ability to work to deadlines.	
4. Reflect on own work.	4.1. Receive and respond positively to feedback from others. 4.2. Reflect on own work identifying strengths.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Applying Practical Skills and Techniques in the Arts	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA696	
Unit Reference No	T/506/6547	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop practical skills and techniques in the arts.		
Learning Outcomes	Assessment Criteria	
1. Be able to use practical skills and techniques for art activities.	1.1. Describe the skills and techniques involved in a range of art activities. 1.2. Use skills and techniques to undertake a range of art activities.	
2. Be able to plan and execute art activities.	2.1. Plan art activities, identifying each stage of the process/development and associated materials and equipment. 2.2. Outline problems which may be encountered.	
3. Understand the health and safety requirements in the arts.	3.1. Describe safe working practices in the arts. 3.2. Describe risks and hazards. 3.3. Follow relevant safe working practices.	
4. Be able review own development.	4.1. Assess practical skills and techniques gained. 4.2. Evaluate areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Computer Applications in the Arts	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA697	
Unit Reference No	A/506/6548	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to gain an understanding of how software packages can be used within the arts.		
Learning Outcomes	Assessment Criteria	
1. Be able to use computers and software and peripheral systems in the arts.	1.1. Produce work using hardware, software and peripheral systems in the arts.	
2. Be able to use software packages in the arts.	2.1. Describe software packages including characteristics of each. 2.2. Demonstrate the application of software packages for a given arts task to include: <ul style="list-style-type: none"> a) loading selected software b) create text/images/notations c) enter information d) editing e) format, position and size of image/text f) adjust shape g) delete items h) save and print task i) retrieve named files j) rename and save files. 2.3. Identify areas for development and/or improvement.	
3. Be able to follow health and safety procedures.	3.1. Carry out health and safety procedures.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Contemporary Garment Construction
Level	Two
Credit Value	3
Guided Learning Hours (GLH)	24
OCN NI Unit Code	CBA698
Unit Reference No	F/506/6549
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to construct contemporary dresses, jackets, shirts, trousers or skirts	
Learning Outcomes	Assessment Criteria
1. Understand the design features of the chosen garment.	1.1. Collate information about the range of potential design features including: a) shape b) embellishment c) fastening details. 1.2. Collate swatches to inform choice of fabric.
2. Be able to make informed design decisions.	2.1. Justify the features of a specific design and fabric(s) in terms of the specific purpose. 2.2. Assess the amount of fabric and materials required to create the design and calculate costs.
3. Be able to construct or adapt a pattern to a specific design.	3.1. Follow design notes and diagrams to construct a pattern. 3.2. Describe the selected design features taking into account grain line, and seam/hem allowances.
4. Plan and prepare for the construction process.	4.1. Demonstrate how to take accurate, relevant and detailed body measurements. 4.2. Describe how the pattern should be adjusted accordingly. 4.3. Demonstrate how to lay pattern on fabric to correct grain line to minimise waste. 4.4. Demonstrate how to cut fabric accurately.
5. Perform specific construction techniques.	5.1. Perform a range of construction techniques to produce different samples including: a) hems b) fastenings.
6. Be able to make a garment.	6.1. Demonstrate the construction of a well-finished garment using appropriate techniques.
7. Be able to review own work.	7.1. Assess own work identifying what worked well and what could be improved.

Assessment Guidance

The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log
Coursework	Research or projects that count towards a learner's final outcome and demonstrate the skills and/or knowledge gained throughout the course	Record of observation Learner notes/written work Tutor notes/record Learner log/diary

Title	Digital Photography Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA699	
Unit Reference No	T/506/6550	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand digital photography		
Learning Outcomes	Assessment Criteria	
1. Understand the functions of a digital camera.	1.1. Compare the functions and controls of a range of digital cameras and their applications.	
2. Be able to use a digital camera.	2.1. Demonstrate the use of a digital camera using: a) various features and tools b) different environments c) a range of photographic techniques d) a range of finishes e) exposure controls and lighting.	
3. Be able to use a software package to process digital photographs.	3.1. Demonstrate the use of a software package to process digital photographs using: a) a range of editing techniques b) a range of formats c) saving and printing. 3.2. Upload photographs to a suitable portfolio.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Life Drawing	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA700	
Unit Reference No	K/506/6576	
<i>Unit purpose and aim(s):</i> This unit will provide the learner with an introduction to different life drawing approaches		
Learning Outcomes		Assessment Criteria
1. Recognise different life drawing approaches.	1.1. Compare different approaches to life drawing. 1.2. Outline principles underpinning life drawing. 1.3. Demonstrate shadowing, proportion and shape.	
2. Understand proportion when drawing from a life model.	2.1. Draw using a live model incorporating: a) proportions b) shadowing c) shape d) line e) tone.	
3. Understand the importance of maintaining a personal sketchbook.	3.1. Describe the importance of maintaining a personal sketchbook. 3.2. Compile and use a personal sketchbook to demonstrate development of technique and ideas.	
4. Understand safe working practices.	4.1. Demonstrate safe working practices.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Musical Theatre Performance Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA701	
Unit Reference No	A/506/6551	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand participation skills for musical theatre.		
Learning Outcomes	Assessment Criteria	
1. Understand the elements of musical theatre.	1.1. Describe elements of musical theatre including: a) performing b) technical c) production. 1.2. Explain the skills needed to take part in a musical theatre performance.	
2. Be able to participate in a musical theatre production.	2.1. Describe own role within a musical theatre production. 2.2. Participate in a musical theatre production demonstrating the following: a) dance skills b) acting skills c) musical skills. 2.3. Record own contribution to production over a given period of time.	
3. Be able to assess own contribution to production.	3.1. Assess own contribution to musical theatre production identifying areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Practical Ceramic Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA702	
Unit Reference No	F/506/6552	
<i>Unit purpose and aim(s):</i> This unit will provide the learner with an introduction to ceramics techniques		
Learning Outcomes		Assessment Criteria
1. Know the materials, tools and techniques used in ceramics.	1.1 Describe the materials, tools and techniques used in ceramics. 1.2 Compare different techniques in ceramics and their application.	
2. Be aware of the making, drying and firing processes in clay work.	2.1 Describe the properties of clay. 2.2 Describe the changes that take place during the following processes: a) making b) drying c) firing. 2.3. Estimate time and cost to make a clay item.	
4. Be able to use techniques and materials in ceramics.	3.1. Use materials, techniques and tools to produce a range of ceramic items. 3.2. Demonstrate the appropriate use of clay. 3.3. Use a range of ceramic decorative techniques. 3.4. Assess own work with clay identifying areas for improvement.	
5. Understand safe working practices.	4.1. Demonstrate safe working practices.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Practical Craft Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA703	
Unit Reference No	J/506/6553	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand how to use craft skills with natural materials.		
Learning Outcomes		Assessment Criteria
1. Be able to carry out craft tasks safely.	1.1. Identify different craft tools. 1.2. Demonstrate the safe use of craft tools.	
2. Be able to plan a craft project.	2.1. Describe how to research and develop ideas for a craft project. 2.2. Plan and design a craft project identifying the necessary tools and materials. 2.3. Describe techniques required to produce craft project.	
3. Be able to produce craft work.	3.1. Produce a final piece of craft work using correct techniques. 3.2. Assess final piece identifying areas for improvement.	
4. Understand the health and safety requirements when creating craft work.	4.1. Follow health and safety requirements when working in a studio.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log
Coursework	Research or projects that count towards a learner's final outcome and demonstrate the skills and/or knowledge gained throughout the course	Record of observation Learner notes/written work Tutor notes/record Learner log/diary

Title	Floral Craft	
Level	Two	
Credit Value	7	
Guided Learning Hours (GLH)	56	
OCN NI Unit Code	CBE630	
Unit Reference No	Y/617/7683	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to gain the floral craft skills to enable them to undertake the design, production, presentation and evaluation of floral craft projects.		
Learning Outcomes	Assessment Criteria	
1. Be able to demonstrate floral craft skills.	1.1. Assess the properties of given materials for given floral craft projects. 1.2. Select suitable materials and floral craft techniques required for floral craft projects giving reasons for choices. 1.3. Develop and use floral craft skills to make effective use of materials, techniques and resources to undertake given floral craft projects. 1.4. Maintain a safe working environment.	
2. Be able to use ideas to inform the floral design process.	2.1. Use ideas from different sources to inform the floral design process. 2.2. Present ideas to others. 2.3. Utilise feedback from others and evaluation of own ideas to inform the floral design process. 2.4. Create floral designs. 2.5. Maintain a safe working environment.	
3. Be able to undertake floral craft projects.	3.1. Plan and prepare for production of floral craft projects. 3.2. Produce floral craft projects. 3.3. Present floral craft projects in an appropriate context for given audience. 3.4. Reflect on floral craft projects including the design production and presentation stages identifying possible areas for improvement. 3.5. Maintain a safe working environment.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Title	Set Design and Construction Skills	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA704	
Unit Reference No	L/506/6554	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to design and construction basic set elements.		
Learning Outcomes	Assessment Criteria	
1. Know how to work safely.	1.1. Describe the safety issues associated with set design and construction. 1.2. Demonstrate working in accordance with health and safety practices and procedures.	
2. Be able to design a set.	2.1. Describe the tools, techniques and process involved in set design. 2.2. Apply design techniques to design a set.	
3. Be able to construct a basic set.	3.1. Describe the tools, techniques and process involved in set design construction. 3.2. Demonstrate the construction of a set.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log
Coursework	Research or projects that count towards a learner's final outcome and demonstrate the skills and/or knowledge gained throughout the course	Record of observation Learner notes/written work Tutor notes/record Learner log/diary

Title	Using Mixed Media	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA705	
Unit Reference No	R/506/6555	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop ideas when working with mixed media.		
Learning Outcomes		Assessment Criteria
1. Be able to develop ideas for work in mixed media.	1.1. Describe ideas and aims for work in mixed media.	
2. Be able to plan and produce a mixed media piece.	2.1. Produce a design for a mixed media piece including the necessary materials and equipment. 2.2. Describe the stages of work for a mixed media piece. 2.3. Use appropriate materials and techniques to complete mixed media work.	
3. Be able to work safely using mixed media.	3.1. Follow health and safety practices when working with mixed media.	
4. Review own performance and personal skills.	4.1. Evaluate what went well identifying areas for improvement.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Film and Video Production
Level	Two
Credit Value	7
Guided Learning Hours (GLH)	56
OCN NI Unit Code	CBD409
Unit Reference No	J/508/6463
Learn Direct Code	LH8
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand and undertake film and video production.	
Learning Outcomes	Assessment Criteria
1. Know the film and video production process.	1.1. Illustrate the key milestones of the film and video production process. 1.2. Compare different genres of film and video and how this impacts on the production process. 1.3. Outline the potential health and safety issues associated with film and video production.
2. Be able to produce pre-production materials.	2.1. Create pre-production materials for an original short film, or sequence of a film in a chosen genre including: a) treatment b) script c) storyboard d) set designs e) recce f) risk assessment g) daily shooting schedule h) crew and actor call sheets 2.2. Assess pre-production materials developed identifying areas for possible improvement.
3. Be able to produce production materials.	3.1. Create production materials for use in an original short film, or sequence of a film, by: a) setting up appropriate equipment b) following shooting script/storyboard c) following safe working practices d) following production processes 3.2. Assess production materials developed identifying areas for possible improvement.
4. Be able to develop a final version of a short film or sequence of a film.	4.1. Illustrate the steps involved in the post-production process. 4.2. Use appropriate equipment and software to edit production materials to a final version including: a) editing film appropriately b) inclusion of transitions and / or visual effects c) inclusion of credits d) editing audio appropriately and inclusion of audio effects as required 4.3. Assess the post-production process and final version of film developed identifying areas for possible improvement.
5. Know the certification process.	5.1. Outline the certification process for film and video.

Assessment Guidance

The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	The Photographic Project	
Level	Two	
Credit Value	6	
Guided Learning Hours (GLH)	48	
OCN NI Unit Code	CBE091	
Unit Reference No	F/616/8296	
Learn Direct Code	JC7	
<i>Unit purpose and aim(s):</i> This unit will enable learners to carry out and assess research for a photographic project. Learners will identify appropriate resources and use suitable presentational formats. Learners will also demonstrate safe working practices.		
Learning Outcomes	Assessment Criteria	
4. Understand how to carry out and assess research for a photographic project.	1.1. Identify a subject for a photographic project. 1.2. Carry out research for a photographic project. Assess research for a photographic project.	
5. Be able to produce a photographic project.	5.1. Identify photographic resources to complete a photographic project. 5.2. Produce a range of photographic images to meet self-determined goals. 5.3. Identify appropriate and employ presentational forms for a photographic project. 5.4. Assess the photographic project identifying possible areas for improvement.	
6. Understand Health and Safety practices.	6.1. Describe and use safe working practices in a photographic project.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Linear Drawing	
Level	Level 2	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CAX330	
Unit Reference No	L/504/4859	
<i>Unit purpose and aim(s):</i> This unit will enable learners to translate 3D subjects into 2D linear drawings using recognised principles, methods and techniques. Learners will use four aspects of linear drawing and work safely in the studio.		
Learning Outcomes		Assessment Criteria
1. Be able to translate three-dimensional subjects into two-dimensional linear drawings.	1.1. Translate three-dimensional subjects into two-dimensional linear drawings using: a) Principles b) Methods c) Techniques	
2. Know how to use linear drawing.	2.1. Use aspects of linear drawing a) Measuring b) Composition c) Proportion d) Perspective	
3. Know about Health and Safety procedures.	3.1. Identify Health and Safety procedures. 3.2. Work safely in the studio.	
Assessment Guidance		
The following method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Art and Design: Colour Theory and Design	
Level	Level 2	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CAX218	
Unit Reference No	H/504/4365	
<p><i>Unit purpose and aim(s):</i> This unit will enable learners to understand colour theory and colour schemes. Learners will define a colour spectrum and systems standardising colour. Learners will also identify historical influences linked with colour, colour and psychological associations and the impact of colour on space perception. Learners will evaluate the significance of these factors when planning design projects.</p>		
Learning Outcomes		Assessment Criteria
1. Understand the terminology and concepts employed by colour.	1.1. Discuss the colour features of plans and/or projects using appropriate terminology. 1.2. Describe the characteristics of Monochromatic, Harmonious and Complementary colour schemes.	
2. Know about the elements of the colour spectrum.	2.1. Define what is meant by the colour spectrum. 2.2. Define primary, secondary and tertiary colours. 2.3. Describe how various systems have attempted to standardise colour.	
3. Know about the relevance of colour in different historical periods.	3.1. Describe the historical associations linked to colour. 3.2. Apply elements of design in a contemporary and historical context.	
4. Know about the psychological associations linked to colour.	4.1. Describe the significance of psychological associations when planning design plans and projects. 4.2. Outline ways they can be employed.	
5. know about the spatial impact of colour.	5.1. Describe the impact of colour on an individual's perception of space.	
6. Be able to recognise the psychological associations linked to colour.	6.1. Analyse the psychological associations linked to specified colours. 6.2. Evaluate the significance of these associations when planning design projects.	
Assessment Guidance		
The following method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Title	Exploring Ecology and Conservation	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA706	
Unit Reference No	Y/506/6556	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand the impact of ecology and conservation on the environment.		
Learning Outcomes	Assessment Criteria	
1. Recognise the impact of plant and animal interaction on the environment.	1.1. Explain the impact of plants and animals on the environment.	
2. Understand plant structures and their purpose.	2.1. Describe a range of plant structures and their functions. 2.2. Describe a range of adaptations to the environment.	
3. Know the basic principles of species evolution.	3.1. Describe the basic principles of species evolution including populations and communities. 3.2. Describe the contribution to genetic variation to species adaptation. 3.3. Explain what is meant by the concept of 'survival of the fittest'.	
4. Understand eco-system development.	4.1. Describe eco-system development using standard terms. 4.2. Describe mature vegetation zones using standard terms. 4.3. Describe the process of succession with examples of associated plant and animal groups.	
5. Recognise an environmental issue.	5.1. Investigate an environmental issue and evaluate its impact and consequences.	
6. Be aware of the need for plant and animal conservation.	6.1. Describe the main principles of conservation. 6.2. Describe basic environmental and social benefits in both a: a) natural environment b) man-made environment.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

Title	Growing Fruit and Vegetables	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA707	
Unit Reference No	D/506/6557	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to grow fruit and vegetables.		
Learning Outcomes	Assessment Criteria	
1. Understand the principles and practices of crop rotation.	1.1. Describe the principles and practices of crop rotation with reference to year-round soil management.	
2. Understand the factors involved in siting a vegetable production area.	2.1. Explain the factors to be considered in the siting and layout of a vegetable production area. 2.2. Describe the use of alternative systems of vegetable production.	
3. Know how to grow a range of vegetables seeds.	3.1. Describe the process of growing vegetables seeds, including: a) direct sowing b) transplanting. 3.2. Explain the effects of planting density on crop production. 3.3. Describe how continuity of cropping may be achieved. 3.4. Describe the production of the following crop groups: a) vegetable b) root c) alliums d) potatoes.	
4. Understand key factors for growing tree fruit plants.	4.1. Explain the key factors relating to the siting of tree fruit plants for fruit production.	
5. Be able to plant and maintain tree fruit plants.	5.1. Describe the planting methods for a range of tree fruit plants. 5.2. Explain key aspects of the maintenance of tree fruit plants. 5.3. Describe methods of pruning and training top fruit.	
6. Know how to grow a range of soft fruit plants.	6.1. Describe factors relating to the siting of soft fruit plants for fruit production. 6.2. Describe the growth habits, planting methods and maintenance of a range of soft fruits. 6.3. Describe methods of pruning and training soft fruit.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.		
Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion

	A collection of documents containing work that shows the learner's progression through the course	
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Pruning Plants	
Level	Two	
Credit Value	1	
Guided Learning Hours (GLH)	8	
OCN NI Unit Code	CBA708	
Unit Reference No	K/506/6593	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to understand why and how plants should be pruned.		
Learning Outcomes		Assessment Criteria
1. Understand the reasons for pruning plants.	1.1. Describe what is meant by the term pruning and associated terminology.	
2. Be able to re-pot and pot on.	2.1. Demonstrate how to re-pot and pot on a plant by: a) assessing plant condition b) knocking out c) removing dead, diseased or damaged parts d) removing old media e) trimming roots f) potting on using suitable media and container.	
3. Know how to prune different plants.	3.1. Perform maintenance pruning on a range of plants.	
Assessment Guidance		
The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Title	Skills for Plant Propagation	
Level	Two	
Credit Value	3	
Guided Learning Hours (GLH)	24	
OCN NI Unit Code	CBA711	
Unit Reference No	A/506/6596	
<i>Unit purpose and aim(s):</i> This unit will enable the learner to develop skills to successfully propagate plants.		
Learning Outcomes	Assessment Criteria	
1. Understand the term propagation.	1.1. Describe what is meant by the term propagation. 1.2. Describe the range of methods of propagation.	
2. Understand the use of seed in plant propagation.	2.1. Describe the advantages and disadvantages in using seed in plant propagation. 2.2. Describe the range of seeds available and the advantages and disadvantages of each. 2.3. Prepare containers with suitable growing medium for sowing seed. 2.4. Sow seed to correct density and depth and record its provenance.	
3. Know how to prick out seedlings singly.	3.1. Select and prepare containers with suitable growing medium for pricking out seedlings. 3.2. Prick out singly to correct spacing. 3.3. Label the containers and place in a suitable location.	
4. Know how to propagate by stem cuttings.	4.1. Demonstrate how to take off cutting material from stock plants. 4.2. Prepare containers with suitable growing medium for stem cuttings. 4.3. Prepare cuttings and insert into growing medium. 4.4. Label the containers and place in a suitable location.	
5. Know how to pot up rooted cuttings, plugs or large seedlings.	5.1. Clean and prepare young plants for potting. 5.2. Pot up rooted cuttings, plugs or large seedlings. 5.3. Label plants correctly and place in a suitable location.	
6. Know how to irrigate planted containers.	6.1. Water containers of seeds, seedlings, stem cuttings and rooted cuttings or plugs correctly.	
7. Be able to maintain a clean and tidy work area.	7.1. Clean and store equipment as required. 7.2. Dispose of waste correctly. 7.3. Keep work area clean and tidy.

Describe the importance of encouraging participants to take responsibility for the equipment and facilities after use. 4.3. Describe the procedures for recording session information and reporting any incidents or accidents. 4.4. Review activity session identifying areas for improvement.

Assessment Guidance

The following assessment method/s may be used to ensure all learning outcomes and assessment criteria are fully covered.

Assessment Method	Definition	Possible Content
Portfolio of evidence	A collection of documents containing work undertaken to be assessed as evidence to meet required skills outcomes OR A collection of documents containing work that shows the learner's progression through the course	Learner notes/written work Learner log/diary Peer notes Record of observation Record of discussion
Practical demonstration/assignment	A practical demonstration of a skill/situation selected by the tutor or by learners, to enable learners to practise and apply skills and knowledge	Record of observation Learner notes/written work Learner log

Title	Responding to First Aid Emergencies for Outdoor Centre Staff	
Level	Two	
Credit Value	1	
Guided Learning Hours (GLH)	8	
OCN NI Unit Code	CBA744	
Unit Reference No	T/506/6645	
<i>Unit purpose and aim(s):</i> This will enable the learner to respond to health emergencies and administer essential first aid in a safe and effective manner.		
Learning Outcomes	Assessment Criteria	
1. Know how to respond to a range of emergency first aid situations.	1.1. Describe a range of situations which require emergency first aid support and the appropriate procedures.

Quality Assurance of Centre Performance

External Verification

All OCN NI recognised centres are subject to External Verification. External verification visits and monitoring activities will be conducted annually to confirm continued compliance with the conditions of recognition, review the centre's risk rating for the qualifications and to assure OCN NI of the maintenance of the integrity of the qualifications.

The External Verifier will review the delivery and assessment of the qualifications. This will include the review of a sample of assessment evidence and evidence of the internal verification of assessment and assessment decisions. This will form the basis of the EV report and will inform OCN NI's annual assessment of centre compliance and risk. The External Verifier is appointed by OCN NI.

Standardisation

As a process, standardisation is designed to ensure consistency and promote good practice in understanding and application of standards. Standardisation events:

- make qualified statements about the level of consistency in assessment across centres delivering a qualification
- make statements on the standard of evidence that is required to meet the assessment criteria for units in a qualification
- make recommendations on assessment practice
- produce advice and guidance for the assessment of units
- identify good practice in assessment and internal verification
- Centres offering units of an OCN NI qualification must attend and contribute assessment materials and learner evidence for standardisation events if requested

OCN NI will notify centres of the nature of sample evidence required for standardisation events (this will include assessment materials, learner evidence and relevant assessor and internal verifier documentation). OCN NI will make standardisation summary reports available and correspond directly with centres regarding event outcomes.

Administration

Registration

A centre must register learners within 20 working days of commencement of a qualification.

Certification

Certificates will be issued to centres within 20 working days of receipt of correctly completed results marksheets. It is the responsibility of the centre to ensure that certificates received from OCN NI are held securely and distributed to learners promptly and securely.

Charges

OCN NI publishes all up to date qualification fees in its Fees and Invoicing Policy document. Further information can be found on the centre login area of the OCN NI website.

Equality, Fairness and Inclusion

OCN NI has considered the requirements of equalities legislation in developing the specification for these qualifications. For further information and guidance relating to access to fair assessment and the OCN NI Reasonable Adjustments and Special Considerations policies, centres should refer to the OCN NI website.

Retention of Evidence

OCN NI has published guidance for centres on the retention of evidence. Details are provided in the OCN NI Centre Handbook and can be accessed via the OCN NI website.
